### **Exhibiting at Auto Show** 1st Regiment Armory

"Built By the Man Who Knows"

At Savannah, in the First International Light Car Race, otherwise called the "Little Grand Prix," No-vember 25, 1998. the Lancia won with an average speed of 52.6 miles per hour.

Do you realize what a marvelous demonstration of quality and power efficiency that is for a car of only 12-18 H. P.?

The chassis is especially adapted for gentlemen's

# SEE THE WHITE AT THE SHOW

T HE White Steamer possesses so many points of superiority over other types of automobiles that anyone who purchases a car without first investigating the White is acting with only a partial understanding of the possibilities of automobile construction. We can meet the requirements of almost any pocketbook with either our 20 horsepower car at \$2,000 or our 40 horse-power car at \$4,000. The United States Government, the most discriminating of purchasers, owns more White Steamers than all other makes combined.

### The White Company Coliseum and 240 Michigan Av.

### One Insurance Company Paid

\$20,500 in one year to 225 policy holders injured in cranking automobiles. Accidents in cranking are rendered impossible by the self-starter on the sweetrunning, six-cylinder

### WINTON SIX

Touch a button on the dash and the motor starts. No starting crank in front, because it isn't needed. If you're tired of cranking and desirous of avoiding accident, look up the Winton Six. Coliseum, main floor.

CHALMERS-DETROIT

### **Great Western**

MODEL 20 \$1.600 MODEL 20

A medium priced car equal to the best of foreign rell as American cars selling for double the money. The equal of cars formerly selling for \$3,000; the ripr of the majority of those now selling for

82,500.

Model 20—66† lbs. per H. P., 30 H. P., 4 cylinder motor, 4 inch bore. 5 inch stroke, selective type-sliding gear transmission, Timkin roller and ball bearings throughout, every bearing adjustable to wear, accessible crank-case, long stroke motor—all parts of these motors interchangeather.

Larger sized cars exactly like this, in use past three years, have records for low cost of upkeep; 19,000-mile tire record.

Construction not chearened by poor materials, nor by the use of hearings that are not capable of adjustment. The best \$3.600 proposition on the market. Don't buy before you investigate this line. Let us bring to your attention by demonstration how vastly superior these cars are.

### GREAT WESTERN MOTOR CAR CO.

1253 Michigan Avenue Central Western Distributers

The cheap car is a cheapened car unless it frankly omits things. But it is attractive to a certain class of people who are tempted by the proposition.

people who are tempted by the proposition. It costs just what is really needed to build a first-class car. It includes every feature that at its price is worth baving. It is not a de lare proposition, but represents exactly the wise standard that the automobile business will sestite down to after the gas has been present out of

of Forty horse-power, four cylinder with Bosch Mag-neto, \$3,000, all types. Sixteen years in husiness with-out a shift in manufacturing policy, we represent suc-cessful, progressive conservatism.

### HAYNES AUTOMOBILE CO.

KOKOMO, INDIANA Chicago, 1702 Michigan Ave.

## THE TIRES OF QUALITY THE TIRES THAT LAST

The principal reason that the output of Hartford Tires is the largest in the world is the fact that the automobile tire users are "getting wise" to the fact that

### HARTFORD TIRES

are pre-eminently the quality tires of the world. We haven't made so much noise as lots of others, but we've made the best tires that could be made always.

This made our tires the standard tires and the reputation we gained is rewarding us now by making Hartford Tires the most generally specified tires on the market.

Insist upon Hartford Tires and Standard Quick Detachable Rims on the cars you order at the show.

### The Hartford Rubber Works Co.

12th Street and Michigan Avenue Factory, Hartford, Conn.

PURSUED OVER HOUSETOPS.

The weighty heating question

Are your coal bills weighting you down-eating up just that portion of your salary which would enable you to get a right start in life? Of course it is not the coal expense alone-it is the better conditioning of the breadwinner, the family health protection, the absence of repair bills, the far greater cleanliness as it affects the life of carpets and furnishings,

as well as the fuel-savings, which all together decide that the best heating for any building is secured by the use of

These outfits are proving their entire superiority in many thousands of buildings throughout America and Europe. None name them but to praise. IDEAL Boilers and AMER-

ICAN Radiators for Hot-Water, Low-Pressure Steam, or Vacuum heating at once become a dividend-earning investment because of their economies. They will outlast the building, as they do not rust out or wear out. If property is sold, you get back full cost of the outfit, or 10%

to 15% higher rental. Please call, telephone, or write for our

book (free), showing how to save heat-ing dollars. Put into old buildings as easily as in new-whether in country or city. Just a word from you brings full information-which puts you under no obligation whatsoever to buy.
